

Lower your lab costs with our Site of Care program

To help you feel your healthiest and keep your healthcare costs down, CalPERS and Blue Shield of California offer 100% coverage for all lab services provided by Quest Diagnostics or Labcorp for PERS Platinum PPO and PERS Gold PPO plans.

How it works

As a PERS Platinum or Gold plan member, you have a \$0 copay for any physician-ordered lab tests when you go to a Quest Diagnostics or Labcorp facility.*

While you can choose any facility, you will have higher out-of-pocket costs if you get services outside these two Site of Care program providers or out of your plan's network. Please see your *Evidence of Coverage* (EOC) to learn more about your benefits, which you can find online at includedhealth.com/calpers.

	PERS Platinum	PERS Gold
Quest Diagnostics	You pay \$0	You pay \$0
Labcorp	You pay \$0	You pay \$0

We are here to help. For questions or to learn more, please call Included Health at (855) 633-4436 (TTY: 711), or visit includedhealth.com/calpers.

* If you live in the PERS Platinum or Gold service area but have to travel more than 15 miles from your home or work to get to the nearest Quest Diagnostics or Labcorp facility, you can go to a different lab in your plan's network and be reimbursed at 100%. To receive this level of reimbursement, you must submit a Laboratory Exception form five days prior to obtaining services. You can get a copy of the Laboratory Exception form at includedhealth.com/calpers/health-plan-resources.

Blue Shield of California, an independent member of the Blue Shield Association, provides administrative services only and does not assume any financial risk or obligation with respect to claims. Included Health, Inc., is an independent company that is solely responsible for the services it provides and does not offer Blue Shield of California products or services.
